

Phenolic Material

A pre-cut counter machined from Phenolic Material.

Available in a rigid or flexible material which is machine routed to create a reusable counter for long runs. Available sizes from .017" to .049" thick in sheet size of 39"x 39" (1 meter square).

Counterplate Pin & Ring

These reusable, plastic pins and rubber rings are designed for pre-made counters used as locators to transfer counters from cutting dies to cutting plate for exact registration.

Multi-Cutter

Cuts strip rubber cleanly and accurately, as well as other non-metallic materials like creasing matrix, ejection materials and tapes. Handle has a handy slide-out "magazine" that holds three blades. Blades feature a handy measuring scale etched onto the surface. This is a rugged, heavy-duty tool and comes complete with a total of 4 blades.

Ring Knives

Available in the following ring sizes:
5, 6, 7, 8, 9, 10, 11 and 12.

Steel Stop Pins

Precision ground, solid steel stop pins help protect steel rule die from damage as a result of uneven press conditions.
