

HELMOLD

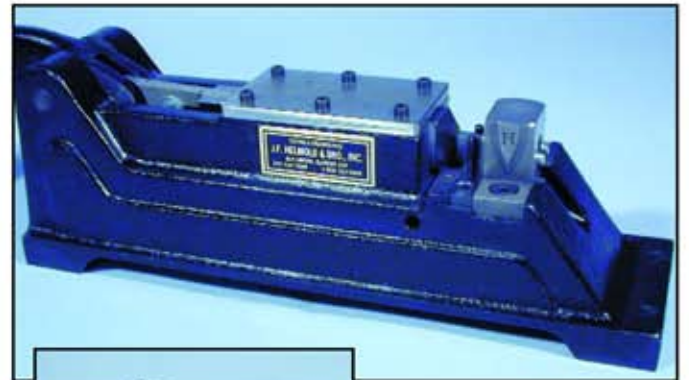

Helmold Bender Bendall

Also available in Standard, Heavy Duty and E-Z Bender Models.

From rule cutters, to benders and notchers to automated processing equipment, Helmold has it all. All designed and manufactured with quality and value, Helmold equipment remains as an industry standard. The items featured here, as well as other Helmold die room equipment, are **available from your Wagner Supply Group location.**

Helmold Standard Notcher

Also available in Heavy Duty 2-hole and 4-hole models.

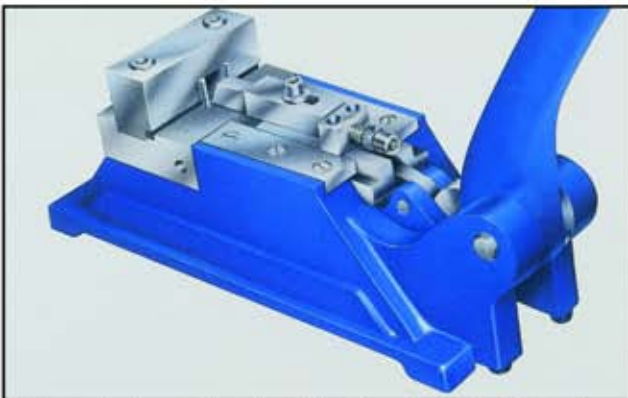

Female Narrow House for Helmold Standard Notcher allows for notching of pre-bent rule.

Helmold Rule Cutter

Standard model for 1-1/2" steel rule. 2-1/8" and 2-7/8" models are also available.

Helmold E-Z Notcher, 2-Hole Model

4-Hole model also available. Helmold also offers a bender in the E-Z style.

Helmold Right & Left Hand Miter

Available also in a Single Miter model.

HELMOLD

Helmold Power Assist Notcher & Bender

Based on Helmold's E-Z Heavy Duty Notcher and the E-Z Heavy Duty Bender, these machines are capable of bending up to 4 pt. rule and notching up to 6 pt. rule.

Each is pneumatically assisted to provide the power to effortlessly notch and bend rule. Sold as complete units, they are designed to use standard Helmold bender dies and notching knives.

Helmold's Cutawl Saw

The Cutawl easily and accurately cuts curved rotary boards, flat dieboards and stripping boards made of maple and birch. Three models are available (see below). Cutawl saw blades are available in 2, 3 and 4 pt. from **The Wagner Supply Group**.

Model #	Recommended Use
K-12F	Flat dieboards
K-12C-66	66" rotary dieboards
K-12C-50	50" rotary dieboards
