

What others are saying about the WERC programs....

(Excerpts of actual testimonials from past WERC program participants)

“The industry needs more training like this”

“A great mixture of hands-on techniques and classroom material with a very knowledgeable instructor who knows his stuff”

“Very well-thought out class”

“Great workshop”

“I personally have learned several ideas & can't wait to try them”

“Very informative – Staff was knowledgeable, very courteous and hospitable”

“Relevant analogies to real-life applications!”

“I currently just operate presses, but now interested in diemaking!”

“Very good information”

“I have a much better understanding of rotary diemaking and diecutting”

“Excellent attention to detail”

“Everyone kept us on our feet. Hope to come back at a later time!”

“I felt like I was family”

“Very worthwhile”
