

Create blanking and stripping tools quickly and easily with EasiFoam!

Wagner's EasiFoam is available in sheets and can be cut into a variety of shapes easily making it an ideal medium for blanking and stripping tool use!

Wagner's EasiFoam is the quick and easy answer to making blanking and stripping tools!

EasiFoam rigid foam can be easily processed or shaped into male stripping and blanking tools using waterjet cutters, routers or programmable saws. **EasiFoam** is durable, lightweight easy to apply/remove and cost-effective. Available in 36" x 24" sheets, or if you don't have a way of shaping EasiFoam, send us a drawing of your tool and we'll waterjet-cut **EasiFoam** for you!
