Platen & Bobst Die Storage.

Henderson's Bobst & Platen Die Storage System have adjustable racks that provide safe, efficient storage for hundreds of dies, regardless of size and weight.

Our exclusive inverted "T" and double "L" design stores Platen and Bobst dies securely, on 2 small or large pins. Position the beams based on your most common sized dies and maximize the number of dies stored on each rack. Both Platen and Bobst storage sections can be combined on a single rack, and a label locator system makes die retrieval quick and easy.

Platen die storage racks store up to 237 dies, and the Bobst racks up to 90 dies. Standard units are 12' high (different frame heights are available), 10' long and 48" or 60" deep. 5,000 lbs. can be carried on the lower (5") channel beams, 6' from the floor. The 2 upper (4") channel beams can each hold up to 2,500 lbs.

The "T" rack slides used on Platen storage systems. Dies slide in the channels supported by 2 pins.

The twin "L" configuration of the Bobst rack, dies slide on the twin "L"s supported by 2 pins.

Each storage system is designed for maximum support, constructed of heavy gauge steel, triple-welded for strength and durability, and come in a powder-coated grey finish. Easy to assemble using the hardware included.

Custom Storage Systems can also be designed and manufactured upon request!

Standard Unit Sizes	1" T-Section	Bobst Section	Bobst Section
12'H x 10'L x 48"D or 12'H x 10'L x 60"D	For 5/8" - 3/4" die board	For dies with Stripping Unit	For dies with Stripping Unit
	Holds 177 dies	Holds 90 dies	Holds 60 dies
	2" on center	4" on center	5-1/2" on center
Die Holder Pins	3/16" dia. x 1-5/8" L	3/16" dia. x 1-5/8" L	3/16" dia. x 1-5/8" L

Die Pins are 3/16" dia. x 1-5/8" L for 1" T Section and Bobst 4" & 5.5" Sections. Available in bags of 100 each.

Easi-Hanger Brackets for hanging blanking frames.

Easi Blank Hangers - from Wagner allow easy and secure storage of blankers along with corresponding Bobst dies. These brackets are easy to use, and can be adjusted for a secure hold by a thumbscrew. Easi Hangers are available in pairs and are designed to fit Henderson Storage Racks using 5-1/2" Bobst sections. Contact Wagner for more details!

Die Transfer Carts for Flat Dies, Rotary Dies and Printing Plates.

Die Transportation Carts - feature heavy-duty construction, a sturdy plywood platform at bottom, and can carry multiple dies to and from storage to press. Models available for rotary including DRO and EVOL dies, plus flat die carts for Platen and Bobst applications. Printing plate carts are also available. Carts can be manufactured to custom specifications.

Rotary Die Storage.

Rotary cutting dies are stored easily and efficiently in a Henderson storage rack. Dies are nested for maximum die storage in a minimum of space, and are safely kept and securely centered with our exclusive "lip" slide design. Plus our die location system, using Henderson labels, makes retrieval fast and easy.

Rotary cutting die storage systems are 45" or 80" high and 80" or 40" deep, with different widths to accommodate different die diameters. There's further flexibility with our adjustable racks, that use width adjusting spacers (washers). Each cutting die storage rack accommodates up to 16 cutting dies in the sizes outlined in the charts below. While only six common die sizes are shown, racks can be manufactured by our factory to fit any size die. All standard rotary racks come in grey powder-coated finish.

Wagner's exclusive "lip" slide design keeps rotary cutting dies securely centered, preventing damage to the cutting and scoring knives. Numbered racks refer stored dies to customer files or jobs for easy access.

Machine Circumference	Wood I.D. Size (approx.)	Standard Unit 80"D x 80"H Capacity	Half Height Unit 80"D x 45"H Capacity	Half Depth Unit 40"D x 80"H Capacity
66"	19 3/16"	12 dies	6 dies	12 dies
50" *	14", 14 1/4", 14 1/2"	14 dies	7 dies	14 dies
38"	10 5/8"	16 dies	8 dies	16 dies
37 1/2"	10 1/8"	16 dies	8 dies	16 dies
35"	9 1/2"	16 dies	8 dies	16 dies
24"	7"	16 dies	8 dies	16 dies

* Please specify wood I.D. on 50" Rotary.

Special Racks! for taller rubber applications	84"H x 80"D	92"H x 80"D
66" Rotary	Holds 12 dies	Holds 10 dies

Die Transfer Carts are available for all rotary die storage systems!

EVOL Rotary Die Storage

Wagner can supply specialized Henderson Storage Systems for just about any type of die, including **DRO and EVOL rotary dies**. These heavy-duty units are designed to be sturdy, durable and versatile. Transfer carts are also available. All DRO and EVOL racks and carts come in white powder-coated finish.

Die Storage Racks for EVOL Rotary Dies				
Cylinder	Wood I.D.	Rack Size	Capacity	EVOL #
37-1/2"	10-1/8"	84" Deep x 60" High	12 dies	84
40"	11-1/2"	100" Deep x 70" High	10 dies	100**

** with lock bar

DRO Rotary Die Storage

DRO Machine Rotary Die Storage Unit by Henderson.					
Cylinder	Wood I.D.	Rack Size	Die Capacity	DRO Machine #	DRO Posilock Hoop
66"	19-3/16"	132" Deep x 72" High	8 dies	1632	487 mm *
Other available DRO die storage units - upon request.					
Cylinder	Wood I.D.	DRO Machine #	DRO Posilock Hoop		
24"	7"	618	177 mm*		
38"	10-5/8"	924	270 mm*		
50"	14-7/16"	1232	366 mm*		

* Available in single or double groove design.

Mounted & Unmounted Printing Plate Storage.

Henderson Printing Plate Storage systems, for mounted and unmounted plates, can efficiently store approximately 560 plates of varying shapes and sizes. Plates hang on "S" hooks with a special 90° offset which can be ordered in two different sizes to accommodate various plates. Henderson labels, provide for an easy to use retrieval system. Constructed of heavy gauge steel, these systems are designed to be tough and durable.

Easy to assemble, Henderson Printing Plate Storage Systems are an effective storage solution for mounted and unmounted printing plates.

Mounted and unmounted printing plates hang on special "S" hooks, which are available in two sizes:
Small - 4-7/8" overall length,
Large - 7-1/4" overall length.

5-gallon Pail Storage Units by Wagner.

Henderson 5-Gal. Pail Storage units are specifically engineered to store 5-gallon pails, safely and efficiently. This patented rack can hold up to 108 5-gallon pails, and afford convenient access from the front and back on all three levels. Great for paint, ink, coatings - anything that is stored in 5-gallon pails.

These units are designed and built in the USA to provide maximum support, constructed of the same quality, heavy-gauge steel used in our Die and Plate Storage Systems, and are powder coated for durable service.

Easy to assemble, the unit comes with a turnbuckle tensioning device that keeps the shelves properly aligned and stable even when filled to capacity.

America's Die Supply leader.
Celebrating over 7 decades of service.
