

5-Gallon Pail Storage Unit

Parts Included:

2 - 54" x 64" End Frames

6 - 4" x 10' Box Beams

27 - Ink Storage Shelves (50-3/8" x 13-1/8")

3 - 3/8" Turnbuckles with
left-hand threaded stub

6 - 3/8"-16 Nylon Hex Nuts

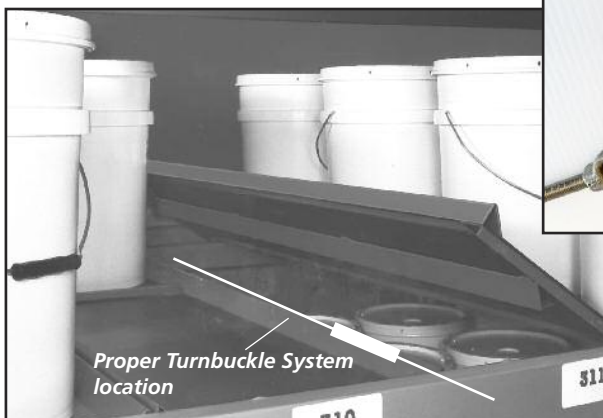

Overall Dimensions:
56"d x 64"h x 129"w

Capacity: 108 5-gallon pails

Easy Assembly:

1. Attach Beams to End Frames as shown in the photo above right. The Box Beams and End Frames simply interlock together using rivets and slots, no hardware is required to assemble.
2. Place Shelves on the Beams leaving the center shelf of each level off until the "Turnbuckle Lock-Up System" for each level is installed. Make certain the that shelves are resting properly on the Beams.
3. Install Turnbuckle System to each level by inserting Threaded Rod and Turnbuckle Stub in the holes provided at the center of each beam. With the Turnbuckle towards the front of the Rack at each level (allows for convenient adjustment). Attach the Acorn Nuts to hold each Turnbuckle Assembly in place for each level (see photos below).
4. Tighten the Turnbuckle System for each level sufficiently to keep the Beams from bowing. (CAUTION: DO NOT OVERTIGHTEN, THIS CAN CAUSE A POOR FIT BETWEEN THE MIDDLE SHELF AND THE BOX BEAM.
5. You're ready to begin storing 5-gallon pails - up to 108!
