

Stripping Supplies from Wagner.

Stripping Pins, flat-top and single point

Stripping Pins - available in the sizes and styles shown above. 50 mm tall (2"). All base sizes are the same (4mm) for consistent drilling and laser cutting of holes. Some versions are Zinc plated, other versions do not use Zinc plating.

Multi-Point Stripping Pins

The Most Effective Stripping Pins on the Market Today - These multi-point pins are simple and easy to use and provide stable and efficient stripping, even on small detail areas. They allow for faster press speeds and deliver precise nick breaking, more effective trapping and eliminate hinging and pivoting of small parts.

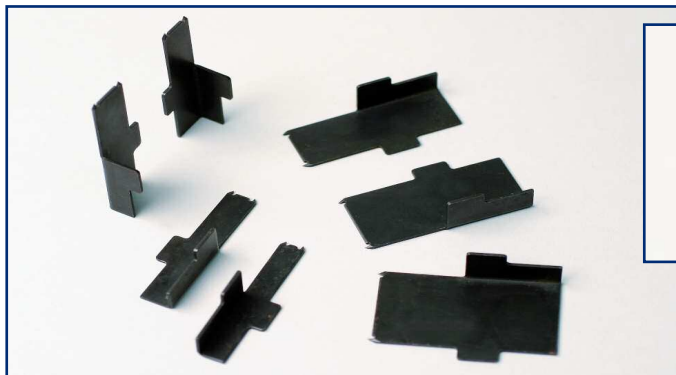

Precision-manufactured for optimum performance!

Available in 5 sizes with 4mm base for consistent drilling and laser cutting of holes. Photos show versions with Zinc plating, some versions are not Zinc plated.

Stripping Claws

50 mm tall, in various widths in right and left sided versions - made from pre-bent steel rule with sharp, pointed ends. Cost-effective stripping with quick makeready and fast press speeds!

Super-sharp points grab waste material securely!

Available sizes of Stripping Claws:

7mm x 50mm, left
7mm x 50mm, right
11mm x 50mm, left
11mm x 50mm, right
15mm x 50 mm, left
15mm x 50mm, right
20mm x 50mm, left
20mm x 50mm, right
25mm x 50mm, left
25mm x 50mm, right

Stripping Rule - Various styles from leading mfgs., contact us for details.

Stripping Foam

Available in 2 lb. & 6 lb.

Lower Stripping Pins & Mounts

Lower Stripping Pins and sliding nut stripping pin mounts.

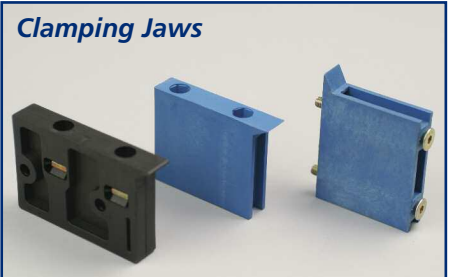

Lower Stripping Pins & Sliding Nut Pin Mount - Pins available in a wide range of sizes, and adjustable sliding nut extruded stripping pin mount, can be cut to size as needed. Allows for easy adjustment of pins for precise scrap removal.

Centerline Products

Centerline Products - as press speeds increase in the diecutting process on Bobst diecutting presses, so does the stripping of the rear and lateral waste. Any time speed increases, accuracy becomes more critical. Bobst designed the Centerline System to achieve maximum stripping accuracy at today's higher press speeds. Wagner carries a complete line of Centerline parts including **storage bolts and nuts, separating knives, clamping jaws, stop plates, centering brackets, strengtheners and unthreaded T-nuts.**
