

Type Perf and Track

Available in Large, Medium and Small versions.

Type Perf is used to mark converted material with any information a diecutter or customer needs to have on the finished product. Wagner Die Supply offers a large selection of type and tracks for just about any application. Wagner carries large type (3/4" letter height), medium (1/2" letter height) and small (3/8" height).

Each size of Type Perf use corresponding mounting track that come in different base thicknesses. The different thicknesses allow for impression/penetration control on the converted corrugated product. Type is available in all the capital letters of the alphabet, numbers 0-9, hyphen (dash), slash and recycled logo.

Large Characters

Overall height: 15/64", Char. Ht. = 5/32"*
 Above shown in actual size. Characters can be installed using brads or by using track. Characters also available with pressure sensitive adhesive (PSA). Available in bags of 6 characters with PSA. Available in bags of 25 characters without PSA.

Medium Characters

Overall height: 15/64", Char. Ht.: 5/32"*
 Above shown in actual size. Characters can be installed using brads, two-sided adhesive tape or with track. Available by individual characters.

Small Characters

Overall height: 13/64", Char. Ht.: 5/64"*
 Above shown in actual size. Characters are installed using two-sided adhesive tape, or by using track. Available by individual characters.

Recycled logos

Recycled logos are available in two sizes, large and small. They do not fit the track, thus are independently installed onto the die using brads or two-sided tape. Photos of recycled symbols *not* in actual size. Available by individual characters.
